Agenda: 5

During the conduct of Faculty development programmes and staff and student training Faculty/Experts from industry come in Car to GCE, Bargur to deliver expert lectures. As per Tamilnadu Govt. norms Rs 8/ per Km of distance travelled can be given for 320 Kms only. (To and fro put together). Since GCE, Bargur is neither connected directly by Train nor by Flight, to reach GCE, Bargur:

- i) Experts either come to Jolarpettai and travel 45-55 Kms by road,
- ii) Or reach Dharmapuri and travel 75 Kms through some other mode of travel which becomes very tedious.

Reaching the college in time to deliver expert lecture becomes a tension to experts. Normally Experts come in car and in the already conducted programmes- FDPs, SDPs, Training by industry experts Travel allowance was given as Rs 8/per Km of distance travelled without any distance constraints.

Permission is requested to ratify the already given TA of Rs 8/per Km of distance travelled in all the programmes conducted at GCE, Bargur and further continuance of the same TA norms for future programmes also.

The above is approved

Agenda: 6

As per State Steering Committee approved norms;

- i) For FDPs- 7 Days Programmes Co Co-ordinator can be two members. ie. Faculty/Administrative staff.
- ii) In the same pattern permission is requested to have TWO Co Co-ordinators- ie. Faculty / administrative staff (Remuneration- Rs 2000/ per co co-ordinator For Seven Days FDPS only)

The above is approved

Agenda: 7

To attend FDP in other States within India Commissioner's permission is required. BOG requests the Commissioner of Technical Education to allow the Principals to permit the Faculty to attend such programmes / training / conference / seminar etc., in other states within India.

The above is approved

Agenda: 8

Department of Mechanical engineering is proposed to enter a MoU with M/S TATA Technologies. Virtual Engineering and Simulation lab will be created in the department and the student will be trained in the industry need areas.

To create this Virtual Engineering and Simulation lab and to enter in the MoU, the following infrastructure needed.

1. 30 computers& server with networking facility
2. Software (DELMIA, CATIA, Digital manufacturing packages)

The above is approved

Agenda: 9

Due to heavy power cut in this region it is difficult to conduct regular practical class works. Dept. of Mechanical Engineering requires three phase power to run machineries like lathe, shaping machine, drilling machine etc.

Similarly Administrative block also requires alternate power supply for the conduct of Examination work, daily administration work and computer lab classes. In Anna University, Chennai internal mark entry, attendance entry, hall ticket downloading and generation is done by the respective college. Mark entry after lab Examination is in online mode. Everything related to Examination is made online and the entry must be made in Examination office confidentially. Examination office is in the administrative block and it requires continuous power supply. It is proposed to purchase two Diesel Generators of 62.5 KVA or above.

During Mentor's visit it was suggested that each department should have drinking water facility. Hence it is proposed to install Reverse Osmosis machine in all the departments.

The above is approved

Agenda: 10

Permission is requested to repair the old Diesel generator for the common use of Library and the blocks which are not having alternate supply for the conduct of lab classes.

The above is approved

Agenda: 11

The college bus requires 6 new tyres for safe journey of the students. Permission of the BOG is requested for the purchase of tyres. (Approximate cost is 2 lakhs)

The above is approved

Agenda: 12

A proposal is submitted to TWAD board to get water connection of 50, 000 litres per day under CWSS scheme. A sum of Rs.49.94 lacs deposit is required (from GCEB to TWAD) to start the project. G.O from Govt. is sought to deposit the above money using hostel fund. Already D.O letter sent to CTE to get the Govt. Order.

From the Principial i/c it is learnt that 50,000 liters of water is purchased daily for the students of GCE, Bargur as all the bores have totally dried. BOG requests the Commissioner of Technical Education to give special attention to water problem and to solve the acute water problem at GCE, Bargur immediately.

The above is approved

Agenda: 13

As theft has occurred twice in GCE, Bargur campus it is requested that compound wall covering the entire campus (ie. 1725.91 meters) is to be constructed in one spell.

BOG requests the Commissioner of Technical Education to give sanction of special fund Rs. 70 lacks for the construction of full compound wall covering the entire campus.

The above is approved

Agenda: 14

1. A request to CTE was sent by D.O letter about the following grievances of GCEB staff members.
 - a. Career Advancement for Asst. Professors
 - i. Entry Grade to Senior Grade
 - ii. Senior Grade to Selection Grade
 - iii. Selection Grade to Associate Professors

BOG requests the Commissioner of Technical Education to give special attention to the above grievance and solve them as this will motivate the Faculty to give their best for the institution's improvement.

The above is approved

The meeting came to end by 4.30 PM. The Principal thanked all the BOG members.
